

COVID Update
January 16, 2022

Dear Residents, Tenants, and Families,

Since our last update on January 14th, we have received several COVID test results back. At The Woodlands we have 3 staff members, at Luther Place there are 2 staff members and 1 resident, and there is 1 staff member from The Meadows who have recently tested positive. These numbers reflect a reduction in positive tests from recent rounds of testing.

As stated in the previous letter; some who have tested positive are not exhibiting symptoms, but have still been able to pass the virus on to others. Please wear your masks when out in common areas even though they can be uncomfortable to wear at times. We are finding that, in our population, those who have been vaccinated and received their booster, are less likely to test positive for COVID.

We will be offering a vaccination clinic on Tuesday, January 25th, between 1:00 PM and 3:00, in the Luther Place campus chapel for all residents, tenant, and staff. If you are interested in the clinic, please call and sign up to ensure there is plenty of vaccine.

We ask that visitors limit their physical visits to people in the community until this current surge is under better control.

Thank you for doing all you can to keep yourself safe and providing a safe environment to our residents, tenants, and staff.

Sincerely,

Darrin Radeke
Interim CEO / Administrator
