COVID Update

Dear Residents, Tenants, and Families,

All has been pretty quiet over the last two weeks regarding the COVID-19 pandemic. We had one employee that tested positive at the Fountain Lake site, but the employee was already in quarantine due to a family member that tested positive for the COVID-19 virus. We did not have to suspend Family and Friend Visits because this employee was already out from work.

I'm happy to report that we were able to start Sunday and Lenten Worship Services last Sunday, March 28. We have also been able to do a few larger group activities for residents, but residents are still required to wear a mask and maintain the six foot social distancing guidelines.

We are seeing more family and friend visitors in all of our buildings which is great! I would remind everyone that masks are still required during the duration of your visit, and that it's important to schedule your visit in advance. Below are the telephone numbers for scheduling your visit.

- If you are visiting someone at the Luther Place site, please call 507-473-1016
- If you are visiting someone at the Fountain Lake site, please call 507-473-2446

The weather forecast for Saturday and Sunday looks great with highs in the 70's. Many of our residents and tenants have been cooped up indoors for months, so I would encourage people to take a walk outdoors. Also...outdoor visits are considered a little safer than indoor visits.

I hope that you have a Blessed and Grace-filled Easter!

God Bless,

Scot Spates
