

Covid Update
February 3, 2021

Dear St. John's Residents, Tenants, and Families,

Today we were notified that a staff member who works at the Woodlands was tested externally and is positive for COVID-19. This staff member is having mild symptoms and will be quarantined for a minimum of 10 days. We have not received results from Monday's testing for Fountain Lake yet, I will keep you updated when we receive those. Unfortunately, we will have to suspend Family and Friends visits for Fountain Lake at this time, Essential Caregiver and Compassionate Care visits are able continue.

We have received all of the test results from Monday for Luther Place and all are negative. This is a great sign, this shows that we have stopped the spread of the virus that was going on in the building. Essential Caregiver visits at Luther Place have now resumed. We are glad to see loved ones back in the building. Please continue to follow the visitation rules we have put in place to keep your loved ones and our staff safe.

Below I have included the visitation status for each building, along with visitation rules.

Luther Place

Compassionate Care Visitors – Yes
Essential Caregivers – Yes
Family & Friends – No

Knutson Place

Compassionate Care Visitors – Yes
Essential Caregivers – Yes
Family & Friends – Yes
